Topic: ROW Expansion on W. High Street.

The meeting took place to provide the opportunity for the public to submit their ideas for and against the ROW expansion of W. High Street. This expansion will allow for future growth of our main transportation corridor and all necessary utility and stormwater updates required as needed. Conceptual drawings of intersection changes were present. Changes would increase safety, provide adequate space for road expansion to the south and any other additional infrastructure additions required. Those present shared concerns of yard loss, traffic congestion and safety of potential roundabouts. All feedback was noted and received by those present.

Morgan made a motion to adjourn, second by Hancock, All in favor.

RESPECTFULLY SUBMITTED:

President David Molnar

Clerk Nicole D. Gieseler
